Full payment is required by October 1st, 2026. If you would like pay in installments (i.e. 2 or 4 installments), please contact us – tours@carpenterministries.com

CANCELATIONS: \$150 of the deposit is not refundable, but can be recouped through your travel insurance. Carpenter Ministries also incurs a charge from Sar El, our land office in Israel, for cancellations. The amount of the charge from Sar-El depends on how close to the tour date the cancelation is received. If you have paid by credit card, we will use a portion of your deposit to cover the bank charges we incur to send you your refund.

ACCOMMODATIONS: Tour pricing is based on Twin Share, the Single Supplement is \$1,063 for the Basic Tour and \$234 for the Eilat Extension.

BAGGAGE: 1 Suitcase per person based on Airline weight restrictions, 1 carry-on bag and 1 personal item.

PRE OR POST TOUR EXTENSIONS: Some participants may be arriving a day or so before the tour actually begins. If you are staying in Tel Aviv, you will need to meet the group at the Tel Aviv airport late afternoon on Sunday November 22nd. The bus will pick us all up there and take us to the Ma'agan Eden hotel in Tiberias by the Sea of Galilee. We will have more details on the exact departure time from the airport once we have everyone's flight details.

Those who are only doing the Basic Tour, the tour will finish in Jerusalem on December 2nd after breakfast. Participants will need to arrange their own transport back to Tel Aviv airport. We recommend booking a shuttle through the hotel at an additional cost.

Those joining us for the Eilat Extension, the bus will drop us off at the airport in Tel Aviv at the end of our tour. For those that are staying a few extra days, you can get a shuttle at the airport to your individual hotels.

ITINERARY AND CHANGES: Every effort has been made to insure the accuracy of both the itinerary and pricing. Sar El Tours reserves the rights to make adjustments to the pricing in the event of an unforeseen increase in fuel costs or currency exchange rates. Although this has never been our experience in the past, and we have used Sar El for many years, if any changes are made we will immediately notify you.

We have listed the sites we will visit in the itinerary and adjustments may be made to the schedule if necessary. We endeavor to bring you the safest and most complete trip possible. Your safety is our #1 priority.
